Captivity Naval Education and Training Professional Development and Technology Center 2011-09 By enrolling in this self-study course, you have demonstrated a desire to improve yourself and the Navy. Remember, however, this self-study course is only one part of the total Navy training program. Practical experience, schools, selected reading, and your desire to succeed are also necessary to successfully round out a fully meaningful training program. COURSE OVERVIEW: Lessons learned following the Korean conflict indicate a person can acquire survival skills that empower him/her to face captivity. This nonresident training course is designed to help gain knowledge of the history and policy pertaining to prisoners of war, provide capability survival skills, and suggest avenues of support for POWs/MIAs and their families. THE COURSE: This self-study course is organized into subject matter areas, each containing learning objectives to help you determine what you should learn along with text and illustrations to help you understand the information. The subject matter reflects day-to-day requirements and experiences of those who have experienced captivity. THE QUESTIONS: The questions that appear in this course are designed to help you understand the material in the text. VALUE: In completing this course, you will improve your professional knowledge. Take advantage of the recommended reading list in Appendix I.

Naval Safety Supervisor - Navedtra 14167f U. S. Navy 2018-07-22 We designed this training manual to help acquaint you with the Navy's safety and occupational health programs, their setup, management, and supervision. In addition to the Safety and Occupational Health (SOH) Program, we will discuss the Shore Safety Program, the Afloat Safety Program, the Aviation Safety Program, and your duties as a naval safety supervisor. We have provided the appropriate references for specific safety standards throughout this manual and various safety terms and acronyms. You will also find information on the following program elements: - Safety program promotion and attitudes - Mishap causes and prevention - Mishap investigation and reporting - Safety program evaluation - SOH Program elements - Traffic safety - Explosives safety - Athletic, recreation, & home safety programs
Navy Instructional Theory - Navedtra 14300a U. S. Navy 2018-07-23 The primary purpose of the United States Navy's training establishment is to provide operational forces with trained personnel who can maintain a high degree of Fleet readiness. Several offices coordinate with each other to plan for training and to determine the purposes of training within various commands. These offices are: Chief of Naval Operations (CNO); Commander, U.S. Fleet Forces Command (CUSFF); System Commands (SYSCOMS); Navy Enterprises (Type Commander; Marine Corps Combat Development Command (MCCDC); Naval Education and Training Command (NETC); and Commander, Navy Reserve Forces Command (COMNAVRESFOR).

Social Usage and Protocol Handbook Department of the Navy 2001-06-15 Members of the naval service will find that at all points in their careers they can expect to be involved to some extent in the planning and execution of official ceremonies and social events. Protocol is a code of established guidelines on proper etiquette and precedence which, when followed, lays the foundation for a successful event. From this foundation, the host should consider the facets which make a particular situation unique, and from there, use imagination to design a memorable occasion. The most important consideration in planning should always be the comfort of one's guests. A clever host/hostess is able to reach a proper mixture of protocol and common sense that will enable guests to enjoy themselves completely. If this is accomplished, an event is truly successful.
