All awaits discovery in 'Born with wings - the immortal life of Piu Piu,' a visionary fiction novel set in the mystical landscape of the Western Cape coast of South Africa. When our story begins, we dive into the mystery of existence as it draws us into a space of trust and love, a universe where we know who we are and have free choice to create and explore. It is here that Anata chooses her future life adventure as an orphan bird, but when she literally falls from heaven to earth at the feet of a young girl and her talking cat, and their journey together begins, her memories disappear.

Born with wings yet, ironically, unable to fly, and feeling abandoned by loved ones, she soon locks eyes with her deadly enemy, Charlot. This is no coincidence! Broomstick Tales Arnie Grimm 2020-10-11 In the magical town of Broomstick there is the Hidden Quiddity Potion Shop owned by two sisters, Agnes and Harriet. Most of the time, Agnes and Harriet are well aware of unusual happenings in the magical world. Not this time. And to make things worse, Harriet didn't know what her teenage daughter Kizee was up with a knotem boy by the name of George Düben until it was too late. No one knew of the map or the plan to find Zweig's magic wand. Strangely enough, this had been the best kept secret in Broomstick. Agnes and Harriet were helping customers when the storm passed through Broomstick.

Harriet didn't have any idea what Kizee and George were really up to. Suddenly, Harriet fell to her knees. "Kizee, No!" Agnes felt the high power of magic vibrate through her. She saw her sister fall to her knees. "I felt it too," said Agnes as she helped Harriet up.

Blaming the Victim Jairo Lugo-Ocando 2014-12-20 Poverty, it seems, is a constant in today's news, usually the result of famine, exclusion or conflict. In *Blaming the Victim*, Jairo Lugo-Ocando sets out to deconstruct and reconsider the variety of ways in which the global news media misrepresent and decontextualise the causes and consequences of poverty worldwide. The result is that the fundamental determinant of poverty - inequality - is removed from their accounts. The book asks many biting questions. When - and how - does poverty become newsworthy? How does ideology come into play when determining the ways in which 'poverty' is constructed in newsrooms - and how do the resulting narratives frame the issue? And why do so many journalists and news editors tend to obscure the structural causes of poverty? In analysing the processes of news production and presentation around the world, Lugo-Ocando reveals that the news-makers' agendas are often as problematic as the geopolitics they seek to represent. This groundbreaking study reframes the ways in which we can think and write about the enduring global injustice of poverty.
