manufacture any helicopter. AVIATION TRAINING SERVICE These are services rendered by professionals who specialise in Aviation; it is a transfer of a combination of knowledge and experience in the Aviation industry.

50+ STEM activities for any primary classroom

A paper aeroplane, glider or helicopter falls to the ground much more slowly and gracefully than a scrunched-up piece of paper. This is because of the forces generated by air pressing on and moving over the surface of the paper. Test the theory by designing, making and testing the flight of a paper aeroplane and helicopter.
