*Revolutionary* Krista McGee 2014-07-15 Back in the hands of the State, Thalli is caught in a horrible game of power—with consequences reaching further than she ever imagined. After several months aboveground, Thalli had almost forgotten what living in the State was like. Programmed to be without emotions or curiosity, she was always an anomaly there. Too emotional. Too curious. Citizens of the State should behave exactly the way the Scientists designed them to behave: work in their assigned fields, maintain productivity. Thalli's entire genetically engineered generation has been eradicated by a scientocracy that believes human life is expendable. Now a pawn in a mad game of manipulation, held hostage, and tortured in the name of the State, Thalli can barely summon the strength to hope that the future of humanity could be any better. She clings to her new faith in the Designer. But when she discovers that even the few villages aboveground are in danger of State domination, that fragile faith begins to crumble. As Thalli, Berk, and Alex make plans to overthrow the evil Dr. Loudin, a chilling secret explains why they have been left alive at all . . . a personal secret that will haunt Thalli forever. And as she struggles with this new truth, she also struggles with decisions of the heart. Can the State's expansion be stopped? Or will humanity—above and below the surface—be irreparably damaged? Thalli is faced with a purpose both overwhelming and undeniable: to assume the role of a Revolutionary. Lyra Daniels is dead. Okay, so I only died for sixty-six seconds. But when I came back to life, I got a brand new name and a snazzy new uniform. Go me! Seriously,

though, it's very important that Lyra Daniels stays dead, at least as far as my ex-friend Jarren, the murdering looter, knows. While dying is the scariest thing that's happened to me, it morphed my worming skills. I can manipulate the Q-net like never before. But Jarren has blocked us from communicating with the rest of the galaxy and now they believe we've gone silent, like Planet Xinji (where silent really means dead). A Protector Class spaceship is coming to our rescue, but we still have to survive almost two years until they arrive - if they arrive at all. Until then, we have to figure out how to stop an unstoppable alien threat. And it's only a matter of time before Jarren learns I'm not dead and returns to finish what he started. There's no way I'm going to let Jarren win. Instead I'll do whatever it takes to save the people I love. But even I'm running out of ideas...
